Consider Phlebas: The first Culture novel, but later books are better Originally posted at Fantasy Literature This is Iain M. Banks' first novel (1987) set in his now famous CULTURE universe, and although it's a well-written book with lots of clever ideas, I wouldn't say it's the best book in the series. Then again, if like many readers you would have feelings of angst and guilt if you were to read the books of a series out of order, then it makes sense to start with this one.

Consider Phlebas (Culture #1) by Iain M. Banks

Consider Phlebas is a space opera of stunning power and awesome imagination, from a modern master of science fiction. The war raged across the galaxy. Billions had died, billions more were doomed. Moons, planets, the very stars themselves, faced destruction, cold-blooded, brutal, and worse, random.
