Review October
2014

Since their introduction in 1964, American muscle cars have been closely associated with masculinity. In the 21st century, women have been a growing presence in the muscle car world, exhibiting at automotive events and rumbling to work in modern Mustangs, Camaros and Challengers. Gathered from the experiences of

world and comprising
six sections, this volume
carries the heritage

discourse forward by
exploring the complex
and sometimes intricate
place of automobiles
within society. Taken as
a whole, this book helps
to shape how we think
about automobile
heritage and considers
how that heritage
explores a range of
