Why literally shouldn't be taken literally. Why Americans think home in on something is a mistake and Brits think hone in is. Is it OK to spell OK okay? What's wrong with hence why? Was Alanis Morissette ever ironic? Fowler's Dictionary of Modern English Usage is the world-famous guide to English usage, loved and used by writers, editors, and anyone who values correct English since it first appeared in 1926. Fowler's gives comprehensive and practical advice on complex points of grammar, syntax, punctuation, style, and word choice. Now enlarged and completely revised to reflect English usage in the 21st century, it provides a crystal-clear, authoritative picture of the English we use, while illuminating scores of usage questions old and new. International in scope, it gives in-depth coverage of both British and American English usage issues, with reference also to the English of Australia, Canada, India, New Zealand, and South Africa. The thousands of authentic examples in the book vividly demonstrate how modern writers tackle debated usage issues. They come on the one hand from established literary figures such as Chinua Achebe, Peter Ackroyd, Raymond Carver, Iris Murdoch, Harold Pinter, and Vikram Seth. On the other, they are drawn from a vast range of newspapers, journals, books, broadcast material, websites, and other digital sources from across the globe, and include references to topical personalities such as Stephen Fry, Prince Harry, Jeremy Paxman, and Wayne Rooney. Based on the evidence and research of the Oxford Dictionaries Programme, this is the most comprehensive and authoritative guide to usage available.

Hatchback, Saloon (Classic) & Coupe (96-Mar 99) and Scénic. (97-July 99), inc. special/limited editions. Does NOT cover Cabriolet models Petrol: 1.4 litre (1390cc), 1.6 litre (1598cc) & 2.0 litre (1998cc). Diesel: 1.9 litre (1870cc), inc. turbo.

Pardon My French is Sally's travel journal as she samples the local food, stays in local places (both on and off the beaten track), struggles with the language, discovers history and mysteries, and, of course, collects recipes en route.

Hatchback and Estate. Does not cover Tour or Scout . Diesel: 1.9 litre (1896cc) & 2.0 litre (1968cc). Does not cover 1.6 litre diesel engine, or petrol engines.

The social sciences have been heavily influenced by modernization theory, focusing on issues of economic growth, political development and social change, in order to develop a predictive model of linear progress for developing countries following a Western prototype. Under this hegemonic paradigm of development the world tends to get divided into simplistic binary oppositions between the 'West' and the 'rest', 'us' and 'them' and 'self' and 'other'. Proposing to shift the discussion on what constitutes the 'Other' as opposed to the 'Self' from philosophy and cultural studies to the social sciences, this book explores how the structural asymmetries existing between Western discourses and the realities of the non-Western world manifest themselves in the ideas, institutions and socio-political practices of India and China, and in how far they shape the social scientist's understanding of their discipline in general. It provides a counter-narrative by revealing the relativity of geographies, and by showing that the conventional presentation of core elements of the Asian socio-political set-up as 'aberrations' from the Western models fails to acknowledge their inherent strategic character of adapting Western concepts to meet local requirements. Drawing on multiple disciplines, concepts and contexts in India and China, the book makes a valuable contribution to the theory and practice of politics, as well as to International and Asian Studies.
