"LOSE YOURSELF: Swoon has wicked fun answering that age-old query: What do women want?"—Chicago Tribune
Contrary to popular myth and dogma, the men who consistently beguile women belie the familiar stereotypes: satanic rake, alpha stud, slick player, Mr. Nice, or big-money mogul. As Betsy Prioleau, author of Seductress, points out in this surprising, insightful study, legendary ladies ' men are a different, complex species altogether, often without looks or money. They fit no known template and possess a cache of powerful erotic secrets. WWith wit and erudition, Prioleau cuts through the cultural lore and reveals who these master lovers really are and the arts they practice to enswoon women. What she discovers is revolutionary. Using evidence from science, popular culture, fiction, anthropology, and history, and from interviews with colorful real-world ladykillers, Prioleau finds that great seducers share a constellation of unusual traits. While these men run the gamut, they radiate joie de vivre, intensity, and sex appeal; above all, they adore women. They listen, praise, amuse, and delight, and they know their way around the bedroom. And they ' ve finessed the hardest part: locking in and revving desire. Women never tire of these fascinators and often, like Casanova ' s conquests, remain besotted for life. Finally, Prioleau takes stock of the contemporary culture and asks: where are the Casanovas of today? After a critique of the twenty-first-century sexual malaise—the gulf between the sexes and women ' s record discontent—the compellingly argues that society needs ladies ' men more than ever. Groundbreaking and provocative, Swoon is underpinned with sharp analysis, brilliant research, and served up with seductive verve.

In this road map to restoring feminine sexual power, Betsy Prioleau introduces and analyzes the stories and stratagems of history's greatest seductresses. These are the women who ravished the world—from such classic figures as Cleopatra and Mae West to such lesser-known women as the infamous Violet Gordon Woodhouse, who lived in a m ê nage with four men. Smarts, imagination, courage, and killer charm helped these love maestras claim the men of their choice and keep them fascinated for life. Through an expos é of their secrets, Seductress provides an authoritative, empowering guide to erotic sovereignty.

The first major biography of the glamorous and scandalous Miriam Leslie, titan of publishing and an unsung hero of women's suffrage Among the fabled tycoons of the Gilded Age--Carnegie, Rockefeller, Vanderbilt--is a forgotten figure: Mrs. Frank Leslie. For twenty years she ran the country's largest publishing company, Frank Leslie Publishing, which chronicled postbellum America in dozens of weeklies and monthlies. A pioneer in an all-male industry, she made a fortune and became a national celebrity and tastemaker in the process. But Miriam Leslie was also a byword for scandal: She flouted feminine convention, took lovers, married four times, and harbored unsavory secrets that she concealed through a skein of lies and multiple personas. Both before and after her lifetime, glimpses of the truth emerged, including an illegitimate birth and a checkered youth. Diamonds & Deadlines reveals the unknown, sensational life of the brilliant and brazen "empress of journalism," who dropped a bombshell at her death: She left her entire multimillion-dollar estate to women's suffrage--a never-equald amount that guaranteed passage of the Nineteenth Amendment. In this dazzling biography, cultural historian Betsy Prioleau draws from diaries, genealogies, and published works to provide an intimate look at the life of one of the Gilded Age's most complex, powerful women and unexpected feminist icons. Ultimately, Diamonds and Deadlines restores Mrs. Frank Leslie to her rightful place in history, as a monumental businesswoman who presaged the feminist future and reflected, in bold relief, the Gilded Age, one of the most momentous, seismic, and vivid epochs in American history.

Compared to the citizens of just about every other nation, Americans are the least adept at having affairs, have the most trouble enjoying them, and suffer the most in their aftermath and Pamela Druckerman has the facts to prove it. The journalist's surprising findings include: Russian spouses don't count beach resort flings as infidelity South Africans consider drunkenness an adequate excuse for extramarital sex Japanese businessmen believe, "If you pay, it's not cheating." Voyeuristic and packed with eyebrow-raising statistics and interviews, Lust in Translation is her funny and fact-filled world tour of infidelity that will give new meaning to the phrase "practicing monogamy."

Traces the life of the romantic adventurer from his secret childhood in a convent, to his escapades as a libertine, to his unavoidable fall into chaotic love, in a tale set against a backdrop of the Spanish Golden Age. A first novel. Reprint.
