But with the publication of J. M. Coetzee's latest novel, *The Childhood of Jesus* (Harvill Secker, London; Viking, New York) I am moved to address the issue of reader engagement or, shall we say, responsibility. That responsibility begins by reading a work of fiction on its own terms. That is, with an open mind.

spiritual discipline has long been present in his writing: self-denial versus sensualism, the path of Jesus versus that of Byron.

After crossing oceans, a man and a boy arrive in a new land. Here they are each assigned a name and an age, and held in a camp in the desert while they learn Spanish, the language of their new country. As Simón and David they make their way to the relocation centre in the city of Novilla, where officialdom treats them politely but not necessarily helpfully. Simón finds a job in a grain wharf. The work is unfamiliar and backbreaking, but he soon warms to his stevedore comrades, who during breaks conduct philosophical dialogues on the dignity of labour, and generally take him to their hearts. Now he

must set about his task of locating the boy's mother. Though like everyone else who arrives in this new country he seems to be washed clean of all traces of memory, he is convinced he will know her when he sees her. And indeed, while walking with the boy in the countryside Simón catches sight of a woman he is certain is the mother, and persuades her to assume the role. David's new mother comes to realise that he is an exceptional child, a bright, dreamy boy with highly unusual ideas about the world. But the school authorities detect a rebellious streak in him and insist he be sent to a special school far away. His mother refuses to yield him up, and it is Simón who must drive the car as the trio flees across the mountains. THE CHILDHOOD OF JESUS is a profound, beautiful and continually surprising novel from a very great writer.

Coetzee returns with a haunting and surprising novel about childhood and destiny that is sure to rank with his classic novels. The piece of paper explaining his situation is lost, but a fellow passenger, Simón, vows to look after the boy. When the boat docks, David and Simón are issued new names, new birthdays, and virtually a whole new life. Strangers in a strange land, knowing nothing of their surroundings, nor the language or customs, they are determined to find David's mother. Though the boy has no memory of her, Simón is certain he

That is how it is. There is no before. There is no history. The boat docks at the harbour and we climb down the gangplank and we are plunged into the here and now. Time begins.” David is the small boy who is always asking questions. Simón and Inés take care of him in their new town, Estrella. He is learning the language; he has begun to make friends. He has the big dog Bolívar to watch over him. But he’ll be seven soon and he should be at school. And so, with the guidance of the three sisters who own the farm where Simón and Inés work, David is enrolled in the Academy of Dance. It’s here, in his new golden dancing slippers, that he learns how to call down the numbers from the sky. But it’s here, too, that he will make troubling discoveries about what grown-ups are capable of. In this mesmerizing allegorical tale, Coetzee deftly grapples with the big questions of growing up, of

what it means to be a “parent,” the constant battle between intellect and emotion, and how we choose to live our lives.

Since the controversy and acclaim that surrounded the publication of *Disgrace* (1999), the awarding of the Nobel Prize for literature and the publication of *Elizabeth Costello: Eight Lessons* (both in 2003), J. M. Coetzee's status has begun to steadily rise to the point where he has now outgrown the specialized domain of South African literature. Today he is recognized more simply as one of the most important writers in the English language from the late 20th and early 21st century. Coetzee's productivity and invention has not slowed with old age. *The Childhood of Jesus*, published in 2013, like *Elizabeth Costello*, was met with a puzzled reception, as critics struggled to come to terms with its

odd setting and structure, its seemingly flat tone, and the strange affectless interactions of its characters. Most puzzling was the central character, David, linked by the title to an idea of Jesus. J.M. Coetzee's *The Childhood of Jesus: The Ethics of Ideas and Things* is at the forefront of an exciting process of critical engagement with this novel, which has begun to uncover its rich dialogue with philosophy, theology, mathematics, politics, and questions of meaning.

trilogy of novels that have appeared over the last decade. They stand out from his earlier work in their difficulty, and in the central role they accord philosophy--in part through their interest in specific themes in which philosophy is interested, in part through their critical engagement with philosophy as a mode of intellectual activity, with a very particular role to play in the broader cultural concerns of modern Western Europe. Robert Pippin presents the first detailed interpretation of J.M. Coetzee's "Jesus" trilogy as a whole. In order to understand them, he treats the three fictions as a philosophical fable, in the tradition of Plato's Republic, More's Utopia, Rousseau's Emile, or Nietzsche's Thus Spoke Zarathustra. In the trilogy's mythical setting, everyone is an exile, removed from their homeland and transported to a strange new place, with most of their memories of their homeland

erased. Pippin treats these fictions as philosophical explorations of the implications of a deeper kind of spiritual homelessness--a version that characterizes late modern life itself--and he sees the theme of forgetting as a figure for modern historical amnesia and indifference to reflection and self-knowledge. This state of exile is interpreted as metaphysical as well as geographical. Pippin's insightful, careful reading of Coetzee suggests the limitations of traditional philosophical treatments of themes like eros, beauty, social order, art, family, non-discursive forms of intelligibility, self-deception, and death. And he wrings from the trilogy its intertextuality, and many references to the Christian Bible, Plato, Cervantes, Goethe, Kleist, and Wittgenstein, among others. Throughout, Pippin expresses the potential of literature to be a profound form of philosophical reflection.

An insightful literary biography of the Nobel Laureate J. M. Coetzee's, illuminating the creation of his extraordinary novels J. M. Coetzee is one of the most renowned yet elusive authors of our time. Now, in *J.M. Coetzee and the Life of Writing*, David Attwell explores the extraordinary creative process behind Coetzee's work, from *Dusklands* to *The Childhood of Jesus*. Drawing on Coetzee's manuscripts, notebooks and research papers housed at the Harry Ransom Center at the University of Texas at Austin, Attwell reveals the fascinating ways in which Coetzee's famous novels developed, sometimes through more than fifteen drafts. He convincingly shows that Coetzee's work is strongly autobiographical, and that his writing

proceeds with never-ending self-reflection while it moves toward aesthetic detachment. Above all, Attwell argues, South Africa, with its history, language, landscape and conflicts, is much more present in his novels than we have realized. Having worked closely with Coetzee on *Doubling the Point*, a collection of essays and interviews, Attwell is an engaging, authoritative source. *J.M. Coetzee and The Life of Writing* is the first book-length study to make use of Coetzee's extensive archive. A fresh, engaging and moving take on one of the world's foremost literary figures, it is bound to change the way Coetzee is read.

Schooldays of Jesus, is now available from Viking. Late Essays: 2006-2016 will be available January 2018. On a remote farm in South Africa, the protagonist of J. M. Coetzee's fierce and passionate novel watches the life from which she has been excluded. Ignored by her callous father, scorned and feared by his servants, she is a bitterly intelligent woman whose outward meekness disguises a desperate resolve not to become "one of the forgotten ones of history." When her father takes an African mistress, that resolve precipitates an act of vengeance that suggests a chemical reaction between the colonizer and the colonized—and between European yearnings and the vastness and solitude of Africa. With vast assurance and an unerring eye, J. M. Coetzee has turned the family romance into a mirror of the colonial experience.

J.M. Coetzee's latest novel, *The Schooldays of Jesus*, is now available from Viking. *Late Essays: 2006-2016* will be available January 2018. In a South Africa turned by war, Michael K. sets out to take his ailing mother back to her rural home. On the way there she dies, leaving him alone in an anarchic world of brutal roving armies. Imprisoned, Michael is unable to bear confinement and escapes, determined to live with dignity. This life affirming novel goes to the center of human experience—the need for an interior, spiritual life; for some connections to the world in which we live; and for purity of vision.
