My Transition And Things I Would Have Done DifferentlyThe Velvet Rage
The Velvet Rage is a chronicle of furtive pathos, anger, compensatory fabulosity, despair, sex addiction, and flickerings of hope as its wounded actors make their way by uncertain stages toward a light of authenticity and self-acceptance their culture does not want them to find or even see. In its pages, through anecdotal moments and analytical passages, one is constantly catching glints of ...

The Velvet Rage: Overcoming the Pain of Growing Up Gay in ...

The Velvet Rage provides a three-stage model for the journey gay men are encouraged to take in order to (i) embrace their sexuality, (ii) acknowledge what habits or addictions they rely on to compensate for insecurity, and (iii) discover a life of authenticity and subsequently enjoy healthy relationships. The experience of being a gay man in the twenty-first century is different than any other ...

The Velvet Rage was first published in 2005, but it has been a slow-burn success – in each of his royalty statements Downs has noticed that sales have markedly increased. On the last, the ...

Pride and prejudice for gay men | Mental health | The Guardian

Our 'velvet rage' comes out when these compensating strategies begin to weaken and crack, leaking out ferocious and foul bouts of poisonous rage, often directed at innocents. Downs provides a lot of first-hand testimony from other gay men as to how these compensation tactics work and yet, ultimately fail. These quotes are oddly placed in sidebar boxes adjacent to the text body. For the ...

The Velvet Rage eBook by Alan Downs - 9780738215853 ...

"The velvet rage is the deep and abiding anger that results from growing up in an environment when I learn that who I am as a gay person is unacceptable, perhaps even unlovable," he explains. "This anger pushes me at times to overcompensate and try to earn love and acceptance by being more, better, beautiful, sexier – in short, to become something I believe will make me more acceptable and ...

Offers advice on how gay men can overcome their deep-seated feelings of shame, which is often associated with their earliest childhood experiences and the ambivalent relationship they have with their own father.

Offers advice on how gay men can overcome their deep-seated feelings of shame, which is often associated with their earliest childhood experiences and the ambivalent relationship they have with their own father.

The historic, groundbreaking examination of the psychology of homosexuality: why it has lead many men to feel ashamed of their own identity and how to overcome that sense of shame.

Straight Jacket is a revolutionary clarion call for gay men, the wider LGBT community, their friends and family. Part memoir, part ground-breaking polemic, it looks beneath the shiny facade of contemporary gay culture and asks if gay people are as happy as they could be—and if not, why not? Meticulously researched, courageous and life-affirming, Straight Jacket offers invaluable practical advice on how to overcome a range of difficult issues. It also recognizes that this is a watershed moment, a piercing wake-up-call-to-arms for the gay and wider community to acknowledge the importance of supporting all young people—and helping older people to transform their experience and finally get the lives they really want.

A moving exploration of how gay men construct their identities, fight to be themselves, and live authentically It goes without saying that even today, it's not easy to be gay in America. While young gay men often come out more readily, even those from the most progressive of backgrounds still struggle with the legacy of early-life stigma and a deficit of self-acceptance, which can fuel doubt, regret, and, at worst, self-loathing. And this is to say nothing of the ongoing trauma wrought by AIDS, which is all too often relegated to history. Drawing on his work as a clinical psychologist during and in the aftermath of the epidemic, Walt Odets reflects on what it means to survive and figure out a way to live in a new, uncompromising future, both for the men who endured the upheaval of those years and for the younger men who have come of age since then, at a time when an HIV epidemic is still ravaging the gay community, especially among the most marginalized. Through moving stories—of friends and patients, and his own—Odets considers how experiences early in life launch men on trajectories aimed at futures that are not authentically theirs. He writes to help reconstruct how we think about gay life by considering everything from the misleading idea of "the homosexual," to the diversity and richness of gay relationships, to the historical role of stigma and shame and the significance of youth and of aging. Crawling out from under the trauma of destructive early-life experience and the two epidemics, and into a century of shifting social values, provides an opportunity to explore possibilities rather than live with limitations imposed by others. Though it is drawn from decades of private practice, activism, and life in the gay community, Odets's work achieves remarkable universality. At its core, Out of the Shadows is driven by his belief that it is time that we act based on who we are and not who others are or who they would want us to be. We—particularly the young—must construct our own paths through life. Out of the Shadows is a necessary, impassioned argument for how and why we must all take hold of our futures.

Openly gay therapist Joe Kort provides 10 powerful and positive steps gay men can take to isolate and overcome self-defeating behavior patterns, and move in healthier and more rewarding directions. Take Charge of Their Own Lives Affirm Themselves by Coming Out Resolve Differences With Parents and Relatives 'Graduate' From Delayed Adolescence Avoid - or Overcome - Sexual Addiction -Learn from Successful Mentors Whove Been There, Done That Take Advantage of 'Therapy Workouts' Achieve - and Maintain - Rewarding Relationships Understand the Stages of Loves Commit to Their Partner These solid and reliable 'Top 10' life steps that have been most helpful to Joe Korts clients in his 16 years of working with hundreds of gay men, are presented in an engaging and easy-to-understand manner and are supplemented by case histories from his practice. These are time-tested, practical decisions gay men can make in their search for emotional, sexual and personal fulfillment

Offers prescriptive advice for transcending the undermining effects of shame on the personal security, mental health, and happiness of gays and lesbians

Glad Day

Asking if the political requirements of gay pride have repressed discussion of the more uncomfortable or undignified aspects of homosexuality, 'Gay Shame' seeks to lift this unofficial ban on the investigation of homosexuality and shame by presenting critical work from the most vibrant frontier in contemporary queer studies.

Thirty-nine-year-old Fred Lemish had always hoped that love would find him by the age of forty, and with four days to go, he begins a compulsive, yet humorous, search for that love and commitment, in a classic novel of gay life. Reprint.
