(37) Economics. The study of how people to use scarce resources to

satisfy relatively unlimited wants. Microeconomics. The study of the

decision-making of individuals, households, and businesses.

Unit 1 - Basic Economic Concepts Flashcards | Quizlet

In this unit, we introduce concepts of opportunity costs and trade-offs,

and illustrate these concepts by using the production possibilities

curve. We then consider how different types of economies determine

which goods and services to produce, how to produce them, and to

whom to distribute them.
