In *Your Brain and Business*, Harvard psychiatrist, brain-imaging researcher, and executive coach Srinivasan S. Pillay illuminates the rapidly emerging links between modern brain science and the corner office. He reveals powerful ways that neuroscientific insights can be used practically by today's executives and presents new lessons for coaches who want to help their clients overcome common leadership problems.

This episode will help everyone understand just how much confirmation bias is impacting your life and business. I will give examples and tips throughout the episode. In its most basic form,

# Online Library Your Brain And Business The

Neuroscience Of Great  
Leaders Kindle Edition  
Srinivasan S Pillay

confirmation bias comes down to the brain's desire to be correct and the subconscious filter deciding what gets through and stored...and what gets ignored. Because the subconscious is working from established, proven rules to make these choices, it is looking for stuff that fits those existing rules.

## **102. Confirmation Bias: How Your ... - The Brainy Business**

The first part of the brain to evolve some 500 million years ago was the brain stem. It is also known as the reptilian brain or lower brain. Certain 'hardwired' body functions e.g., breathing and blood pressure, as well as some basic human instincts like danger are controlled by the lower brain.
